

Excellence Division

This division was added to our competition to provide a place where professional carvers, teaching carvers, carvers making significant money from the sale of their carvings, and those carvers having won Best in Show at Master Level of any major competition in the country would be able to compete with carvers of like abilities.

For the 2012 show, only one money prize of \$1000 will be awarded in the Excellence Division. The cost to enter this division's competition is being reviewed currently and will be posted here when a decision is made by the Board of Directors.
